We Want Your Patronage

Prompt and courteous service, intelligent salesmanship, careful delivery and liberal credit terms merit your patronage here. We'll strive to retain it through the care taken to see that you are pleased with every transaction.

"McDougall" Kitchen Cabinets Are Easily Kept Clean

THIS
FLOUR BIN
LIFTS
OUT

Absolute cleanliness is the first consideration in the designing of McDougall Kitchen Cabinets. That's the reason the flour bin is not made stationary, as in other kitchen cabinets. This McDougall sifting flour bin lifts out of the cabinet. It can be taken to the sink and washed to insure a thorough cleaning.

In construction, you'll be surprised at the care taken to insure strength in McDougall Kitchen Cabinets. The patented nut-and-bolt corner construction insures absolute rigidity. They never become loose or squeaky.

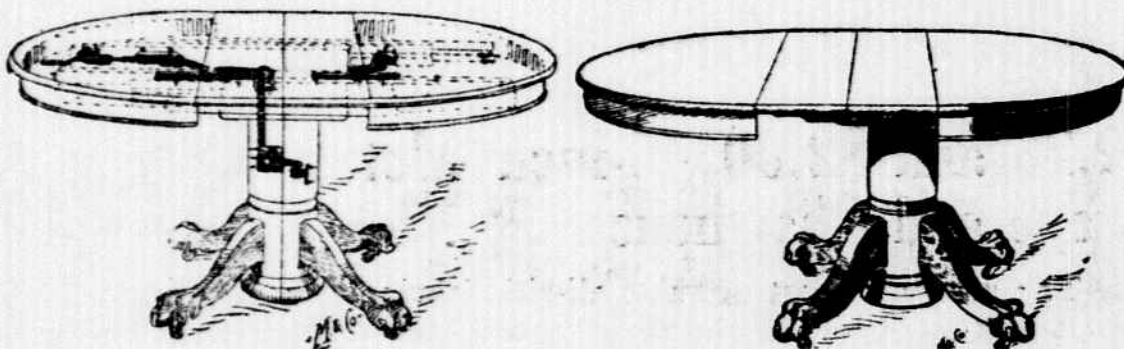

This Wonderful "McDougall" Kitchen Cabinet **\$25.00**

The word wonderful is a most apt description. You'll be most agreeably surprised with the amount of foodstuffs, kitchen utensils, etc., that can be stored in this kitchen cabinet. And, what is more to the point, every one of them is instantly within arm's reach when wanted. The sliding nicked top enlarges the working surface, and is easily cleaned.

Ten Other "McDougalls," \$9.98 to \$41.75

You'll Never Have Trouble With a "Hastings" Dining Table

"Hastings" Dining Tables are made to give the purchaser lasting satisfaction. Their many patented features are not to be found on other tables, yet they cost no more than the ordinary kind.

The "Hastings" Way The Other Way

The cut to the left, above, shows how the Tyden top lock and leaf lock hold the pedestal rigidly under the center of the top on Hastings Tables, no matter how many leaves are inserted. There's no danger of becoming overbalanced, as the ordinary table will do—shown in the cut to the right.

This Polished Quartered Oak "Hastings" Table,

\$22.00

Beautiful Dining Table, like the cut to the right, in polished quartered oak. The top extends to six feet, and has three leaves. Has the Tyden removable top, Tyden top lock and leaf lock, heavy round pedestal base, carved claw feet and excellent finish.

This 8-foot 48-inch Solid Quartered Oak "Hastings" Table,

\$39.00

Massive Hastings Table, like the cut to the left, in solid quartered white oak. The top is 48 inches in diameter, and extends to eight feet in length. The leaves may be inserted and locked in, without dividing the pedestal. Has five leaves in all. Has Tyden top lock, Tyden leaf lock and Tyden pedestal locks. The Tyden removable top allows the top to be removed and replaced by anybody almost instantly.

This Solid Quartered Oak Colonial "Hastings" Table,

\$37.00

Heavy Colonial Style "Hastings" Table, like the cut to the right. Notice the beautiful round pedestal and the massive scroll feet. The top is of solid quartered oak of the Tyden removable style, and fitted with the Tyden top locks and leaf locks. Extends to six feet, and has three leaves.

This Solid Oak Dining Table,

\$14.50

Heavy Golden Oak Dining Table, like the cut to the left. The round tops are of solid oak, extend to six feet and have three leaves. Have heavy round pedestal bases, claw feet, and are nicely polished.

Leather Chairs

This Quartered Oak Leather Chair,

\$5.98

Beautiful Dining Chairs, like the cut to the right, in fine quartered oak. They have deep mortised and tenoned box-constructed seats, with leather upholstered backs, slip seats covered in genuine leather, and are nicely polished.

Cane Chairs

This Fine Quartered Oak Cane Chair,

\$3.75

Excellent Constructed Quartered Golden Oak Dining Chairs, like the cut to the left. They have deep mortised and tenoned box-constructed seats, wide panels in back, French legs, fine cane seats and genuine hand-rubbed polish.

Unusual Bargains in "White" Sewing Machines

Such low prices have never been offered by any other store in Washington handling only new sewing machines of the highest grade. You'll find these equal to those usually sold for \$60.00 and \$70.00. In fact, the same machines do sell for those prices in other cities. For a limited time only we have marked them all way under our regular prices.

This Exact "White" Sewing Machine,

\$22.50

Automatic Drop-head "White" Sewing Machine, of the six-drawer pattern illustrated to the right. These machines are in choice of golden oak or dark early English finish. They are ball bearing, with "White" patent tension indicator and stitch regulator, and are furnished with a complete set of fine steel attachments. Special prices also quoted on "White" Rotary Shuttle Sewing Machines.

Sideboards

This Large Quartered Oak Sideboard,

\$32.00

Attractive Sideboard, like the illustration to the left. Made of genuine quartered oak, with large canopy top, beveled French plate glass mirror, swell front, lined drawer for silverware, two other drawers, two cupboards, and nicely polished.

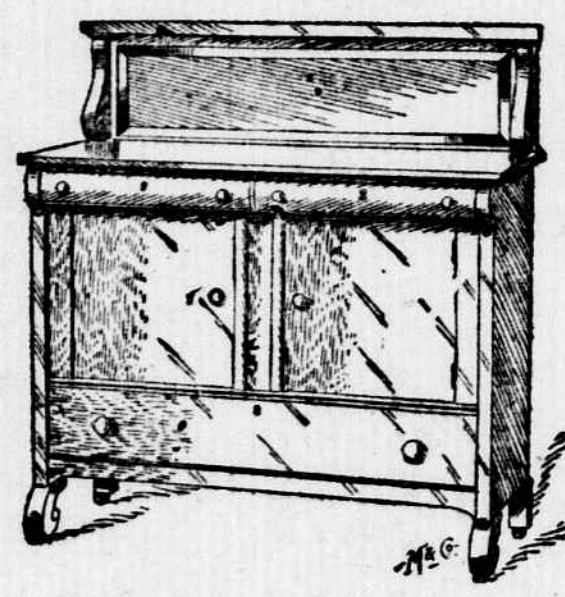

Buffets

This Fine Quartered Oak Buffet,

\$45.00

Beautiful Buffet, like the cut to the right, in solid quartered white oak. Has heavy French plate glass mirror, oak interior, lined drawer for silverware, two other drawers, wood knob trimmings, and is excellently finished.

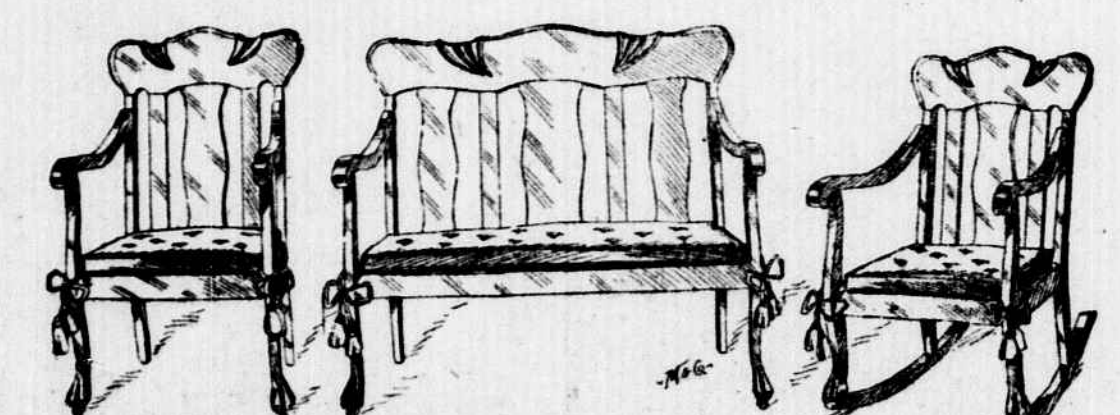

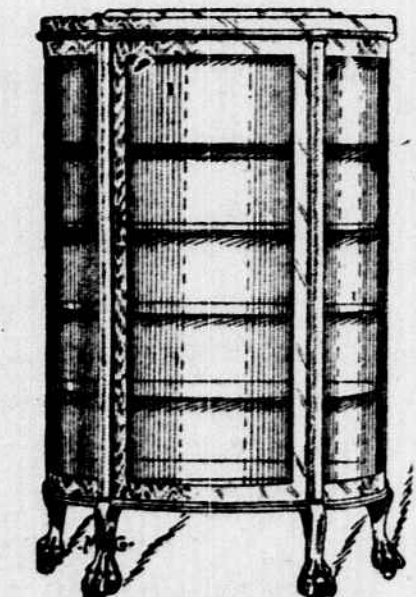

China Closets

This Large Quartered Oak China Closet,

\$42.50

Large China Closet, like the illustration to the left, in finest quartered white oak. Has large bent glass door, bent glass ends, one mirror in back, four shelves, claw feet, and is handsomely polished.

\$23.00 For This Three-piece Loose Cushion Parlor Suite.

Polished Mahogany-finished Three-piece Parlor Suite, just like the above illustration. Each piece has wide back, heavy panels, high arms, springs under seat and loose cushions of green plush tied on with tassels.

"Thermatic" Fireless Cookers Save Hours of Labor Daily

There's no time lost in basting roasts, watching meals cooking to prevent them sticking, cooking dry or burning, if you own a Thermatic Cooker. Count up how much time you could save every day if the meals needed no attention after being made ready to cook until they were ready to serve.

The "Thermatic" Roasts, Bakes, Boils or Stews Anything

There's practically no limit to the serviceability of a "Thermatic" Fireless Cooker. In it roasts and baking brown most appetizingly without the necessity of being placed in any other oven.

The patented automatic steam valve of the "Thermatic" Fireless Cooker allows the surplus steam to escape, and at the same time prevents the ingress of cold air. The "Thermatic" is the only perfectly steam-tight fireless cooker made.

THE
AUTOMATIC
STEAM
VALVE

For Easy Cooking Use a "Glenwood" Range

The airtight joints and heavy, smooth castings of "Glenwood" Ranges insure a fire that can be absolutely depended upon. The oven heats quickly, stays at a uniformly hot temperature, and the range gives full value for every bit of fuel used. There are no leaky joints to waste the fuel that is now so expensive.

There is a "Glenwood" Range here that will suit you—come look at it.

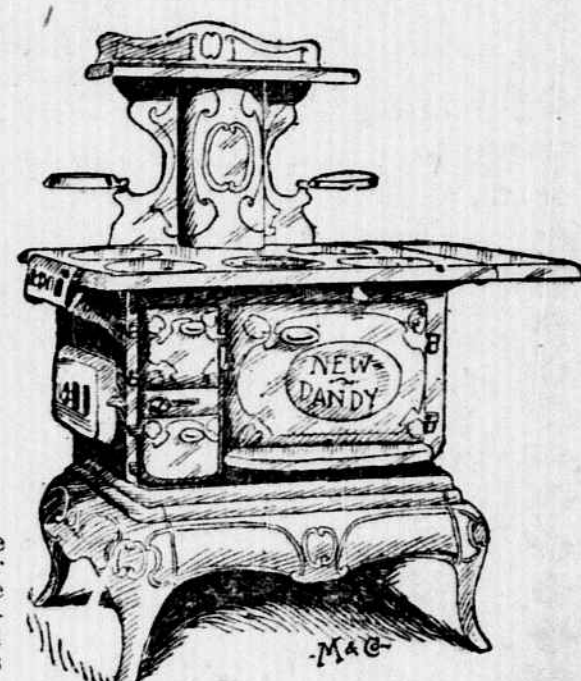

15 Patterns, \$28.75 Up

"New Dandy" Ranges

This Exact Range, With Mantel Shelf,

\$19.75

A larger, heavier and better range than can usually be purchased for \$25.00. This range has five large lids, good baking oven, finely nickel-plated trimmings, and is furnished with the nickel-trimmed mantel as illustrated at this price.

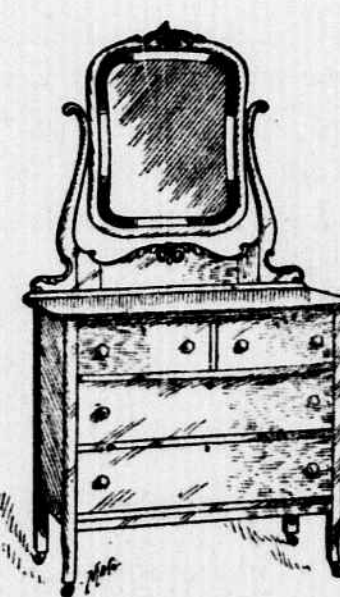

Base Heaters

This Heavy Nicked Base Heater,

\$22.50

The heating stove shown to the left is an excellent saver of fuel. On account of the reversible flue (generally known as base-heating) construction, the heat must pass down under the ash pit and all around the bottom of the heater before reaching the chimney. This saves fuel and makes the entire surface of the stove radiate the heat of the fuel used. The heater here at \$22.50 is an excellent value.

\$21.75 \$20.00

In Polished Quartered Oak

The Dresser and Chiffonier above pictured are made of selected quartered oak and constructed with care for their appearance and their wearing qualities. Each has French plate glass mirror, swell front, deep drawers, wood knob trimmings, and is nicely polished.

Maple Furniture

This Bird's-eye Maple Dresser,

\$23.50

Attractive and Well Made Bird's-eye Maple Dresser, just like the illustration to the right. Has French plate glass mirror, swell front, heavy glued corner block construction to insure rigidity, wood knob trimmings, and is nicely polished.

Chiffoniers

This Bird's-eye Maple Chiffonier,

\$23.50

Well Made Chiffonier, like the cut to the left, perfectly matching the Dresser above described. Has French plate glass mirror, swell front, six deep drawers, wood knob trimmings, and is nicely polished. Constructed with corner blocks to insure rigidity, and furnished with noiseless slides or casters on feet.

White Iron Beds

This Strong Continuous Post Iron Bed,

\$11.75

Heavy Iron Bed, just like the illustration to the right; has posts that are each one and one-sixteenth inches in diameter, and one-sixteenth inches in diameter, strong iron fillers, large horizontal brass fillers and hard baked white enamel.

Guaranteed Brass Beds

This Heavy Acid-Proof Brass Bed,

\$39.75

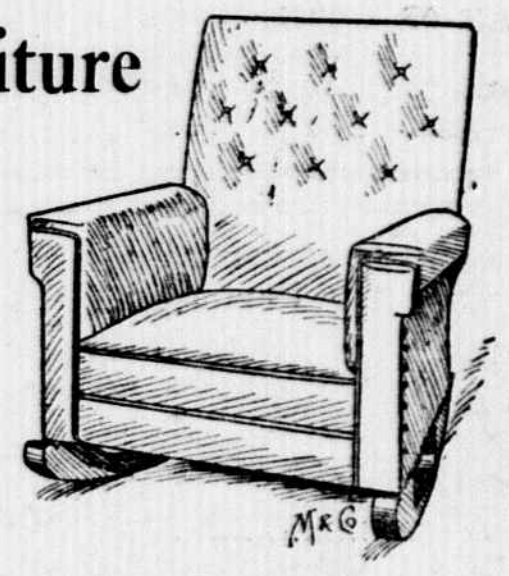

Massive Brass Bed, like the illustration to the left. The posts are each two inches in diameter, have two rods each two inches in diameter, twenty-two fillers that are each one inch in diameter and the new patented lacquering that will not tarnish.

Overstuffed Furniture

This Large Genuine Leather Rocker,

\$28.75

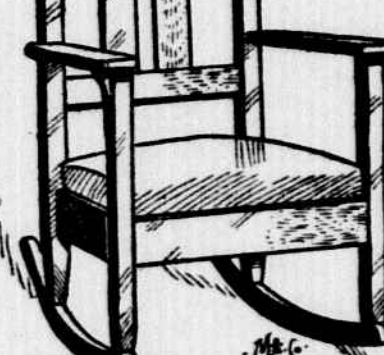

Comfortable Large Rocker, like the illustration to the right; made on heavy frame, comfortably swung and covered in a rich tan shade of genuine leather. Our display of these Rockers is most complete, including all colors, in Rockers, Armchairs and Sofas to match.

"Lifetime" Furniture

This Heavy Fumed Oak "Lifetime" Rocker,

\$12.50

No furniture could be made better than this "Lifetime" Rocker. Every joint fitted with deep mortise and tenon and a wood pin driven through their intersection to insure rigidity. "Lifetime" Rockers do not wear, loose or become squeaky. This rocker has loose spring seat, upholstered with hair felt and cotton felt, and covered with best dark red leather.

Try a "1900" Washer at Our Risk

You've nothing to lose and everything to gain by trying a "1900" Washer. Let us send you one at our expense, subject to 15 days' free trial. If it does not do all we claim we will send again for its return, and the trial will not have cost you anything.

The "1900" Cleans a Tubful in Ten Minutes

Washing is easy with one of these wonderful washing machines. There is no wearing and tearing of the clothes, no crank to turn or gears to get out of order. It operates so easily a child can do the work.
